IVECO

A range of mats tailor-made for your IVECO.

Specially made for your IVECO vehicle, our range of mats guarantees protection, style and ease of application. Available in three carpet variants and one rubber, they give your new IVECO the right touch of customisation and uniqueness.

Discover all the materials.

Needle-punched velour carpet mats

Designed to last, with durable needle-punched textile fibre and barrier against dirt and debris, they keep the interior clean and dry even in extreme conditions. Easy to clean with a Hoover or by shaking them. Customised templates and fastening systems ensure safety, while the driver's side carpet features an anodised aluminium IVECO plate.

Tufted velour carpet mats

Elegant and practical, made of polyamide velvet, they add sophistication and softness to the interior without sacrificing durability. Easy to maintain with a Hoover. Customised templates, secure fastenings and exclusive details such as tone-on-tone edging and anodised aluminium IVECO nameplate.

Bouclé velour carpet mats

Ideal for the light-coloured interiors of the new IVECO Way MY 2024 vehicles, they offer an elegant and bright design melange. Made of sturdy and refined polyamide carpet, they are easy to clean and secure thanks to precise contours and fastening systems. Finished with beige nubuck edging and an anodised aluminium IVECO plate.

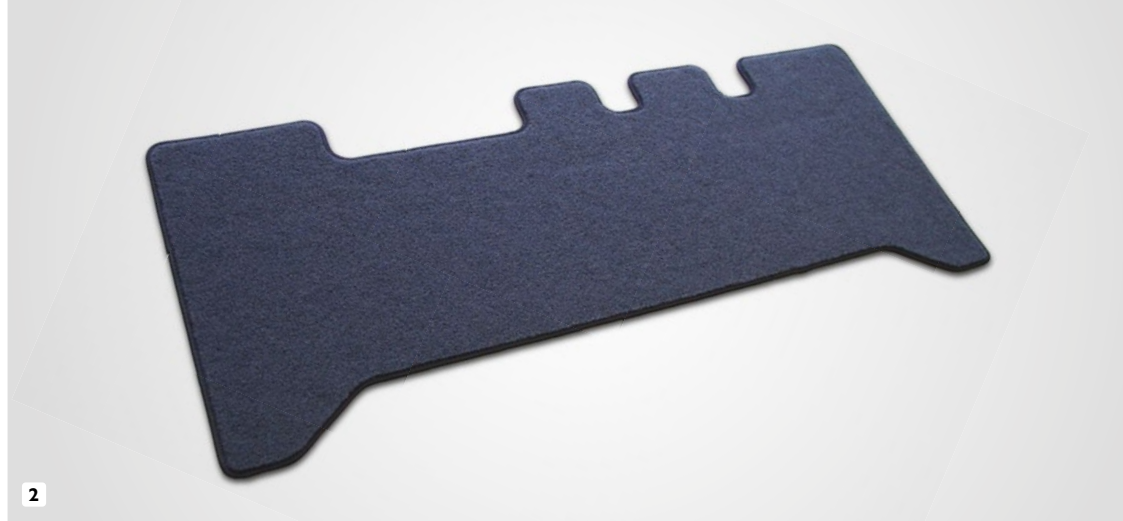

Rubber Mat

Perfect for keeping the cabin clean, they protect the original upholstery. Available in standard rubber (Daily and Eurocargo), durable and washable, or in recyclable TPE (IVECO Way range), with raised edges to retain impurities.

Pick the perfect accessories to make the road ahead even more of a pleasure with IVECO.
